

# Kill Hannah, Courageous

Lets go man, I'm serious  
Right now, cuz I can't wait anymore  
They're weak so, we'll leave them  
Just scared to fall  
And So Are You Alive  
And so what are you waiting for

I'll fly with you  
Yeah, you're courageous  
Oh, I'll fight for you  
Yeah, you're courageous  
Oh, I'll die for you  
Yeah, you're courageous

Lets go man, I'm serious  
Wake up cuz I can't sleep anymore  
They're made  
But we're all dreamers  
I'm not scared at all  
And so we are alive  
And so that's what we're fighting for

I'll fly with you  
Yeah, you're courageous  
Oh, I'll fight for you  
Yeah, you're courageous  
Oh, I'll die for you  
Yeah, you're courageous  
You're courageous oh, oh, oh  
I'll fly with you, yeah  
(I'll fight for you)  
You're courageous  
(I've died for you)  
Yeah, you're courageous
