Kill Hannah, Wrap Myself Around You

I took you up against the wall
On the rooftop we climbed through broken windows
It's how alive you make me feel
Shot a photograph to capture you and prove that this is real

I wanna wrap myself around you
So you can never get away

And I don't want to let you go
In this factory, it's cranks and shafts that shatter glass
From the streets a massive noise
Tanks and atoms bombs explode, but I can only hear your voice

I wanna wrap myself around you
So you can never get away
It doesn't matter what they do to me now
Cos I will never sleep again
(Again, again, ahh, ahh)

All those nights we stayed awake
Up on the fire escape
And our fear of heights, still all the things we did
And all the things we say

Oh..
Ohhhh

I wanna wrap myself around you
(I wanna wrap myself around you)
So you can never get away
(So you can never get away)
It doesn't matter what they do to me now
I wanna wrap myself around you
So you can never get away
