

# Kill Your Idols, With Blinders On

I want to be the one that's always on your mind  
I want to be the one you think of all the time  
I want to be the one to put a smile on your face  
I want to be the one that gets you through your roughest days  
I want to be the one who can make you cry  
I want to be the one for whom you would die  
I want to be the one who's always by your side  
I want to be the one at least I know I tried  
I want to be the one who is beautiful like you

What's inside me doesn't mean a thing, you know it's true  
and because of this, I don't deserve you  
What I've seen, where I've been, I'm so much less than you

I want to be the one that makes you rush home  
I want to be the one you wait for by the phone  
I want to be the one who is the brunt of your jokes  
I want to be the one you're looking to provoke  
I want to be the one you treat like dirt  
I want to be the one "I'm here for you to hurt"  
I want to be the one to never say good-bye  
I want to be the one at least I know I tried  
I want to be the one who is beautiful like you

What's inside me doesn't mean a thing, you know it's true  
and because of this, I don't deserve you  
What I've seen, where I've been, I'm so much less than you

I want to be the one who's always by your side  
I want to be the one at least I know I tried  
I want to be the one to never say good-bye  
I want to be the one at least I know I tried

I'll be the one with blinders on my eyes  
Blinded by feelings that take my clear sight  
I'll be the one with blinders on my eyes  
I could have been the one, but now those feelings died
