

# Killer Dwarfs, Nothin' Gets Nothin'

Nothing but heartbreak  
Nothing but pain  
People on people  
Drive each other insane

Why can't we live  
And let live like they say  
Stop all this madness  
That's causing dismay

Nothin' gets nothin'  
Except what you give  
Nothin' gets nothin'  
You get what you give

Because I can feel  
Your soul from here

I'll reach right in  
And steal your fears

Why can't we live  
And let live like they say  
Stop all this madness  
That's causing dismay

Nothin' gets nothin'  
Except what you give  
Nothin' gets nothin'  
You get what you give

Out of the darkness  
And into the light  
You only get out  
What you put into life
