

Killing Heidi, Astral Boy

Astral Boy, you're so high
Will you ever come down
Soaring over everyone, you're bigger than the stars
Ooo.....

Astral Boy, you're so hot
Will you ever melt?
Flying so close to the sun
Now you know how I felt
Ooo.....

Now you're cold,
You're so alone, sitting on the floor
Hard wood floors, and abstract thoughts
Gesture to the door
Oooo.....
