

Killing Heidi, Burnt

You rode into my head
You rode and bent back
You hear the words I said
Without a comeback
And you try to keep me there
But I always bounce back
You look and I'm not there
But you're lying flat out

Chorus

Burnt down on your dreams
It's not like what I've seen yeah
I've seen yeah
Oh I'm burnt down on your dreams
It's not like what I've seen yeah
I've seen yeah

Your rode into my bed
I let you come back
You hear what I said
Well I understand that
And you try to keep me there
But I'm gonna fight back
You took more than your share
I want it back

Chorus

I'm burning down (x3)

Your rode into my head
Yeah I see you come back
You took more than your share
Now I want it back

Chorus
