

# Killing Heidi, Hieroglyphic Alphabet

You find yourself in the bathroom cupboard  
Prescriptions don't matter anymore  
Squeezin into your blue jeans, baby  
Gonna get some soon and that's for sure

'Cause all you wanna be is here, yeah yeah  
We're all you think and see and feel

Climbing into your big bed, hazy  
Dull light's are on but you shield your eyes  
It'll help you dream, help you bleed  
One more drop sweet dreams

'Cause all you wanna be is here, yeah yeah  
We're all you think and see and feel
