

# Killing Heidi, Nutha Fucking Love Song (Live)

Ella: aright then, nutha f\*\*king love song

What's the point in trying to look your best?  
When you the one you want  
Never looks in your direction  
He just stares at the one  
He's wanted all along  
As you fall to the ground  
You write another f\*\*king love song for him

And what's the point in trying to be his one  
When you know it's all messed up  
This isn't fun  
As you stand in the background  
Try to get up the nerve  
But you're in the corner out of focus  
And you're blurred again.  
Yeah, yeah

What's the point trying? Yeah. X2

What's the point in trying to be his one  
When you know it's all f\*\*ked up  
And this isn't fun  
As you stand in the background  
Try to get up the nerve  
But you're in the corner  
Out of focus and you're blurred again  
Yeah, yeah

What's the point in trying? Yeah, yeah  
Now what's the point in trying?  
Oh what's the point in trying?  
Woah, what's the point trying?

Ooooh, yeah, yeah.
