

Killing Heidi, Pave the Way

I remember waiting in line
I was waiting for the bell to ring
I remember waiting just to hear
My name called again
I can feel a hand on my back in the hall
It was summertime
You know those feelings never left
I feel your hand in mine

Bridge

Yeah it was all I could do walking round
With my hand in the air
Cause it was all that I knew at the time
Thought it was right in there

Chorus

Pave the way
Pave the way
The way
Yeah you pave the way

Nothing could ever reach the days that I spent
On a seat in a bus
Whenever we were early
We'd be the last to class
Walking round like we knew everything
But we never did
Telling everybody trashy stories
Bout how we'd get so bent

Bridge

Chorus

Pave the way
Fly away
Pave the way
Fly again
Pave the way
Fly away
Pave the way
Pave the way, the way
