

# Killing Joke, Dominator

All the time you see us we'll be on our way  
Taking what is mine 'cos now I'll have my day  
Dominator soul he take what's in his way  
Dominator soul he take what's in his way  
Move in on them

All the time you see us we'll be on our way  
Passive ways to pull you down they pull you down  
Tear them up and smash them in we'll have our day  
Dominator soul he sing 'I'll have my way'  
Move in on them

Move in on them

Dominator soul he'll take what's in his way  
And if they fall leave them behind 'cos that's his way  
And then we'll dance a dance - a dance they've never seen  
Dominator soul he'll take what's in his way  
Move in on them
