

Killswitch Engage, In Due Time

Pacing aimlessly, with my mind dead on rest!
I'm sure of what may come!
What have I done to, bring this down on me?
Helpless to make this ideal!

All in due time
See the world through different eyes
All in due time
Shadows will give way to light

How much more can I give of myself?
As these walls, close in on me
As I slip down into this despair!
(To this despair!)
There is nothing to attain!

One victory! (One victory!)
But my soul is weak! (Is weak!)
When does my help come through?

All in due time
See the world through different eyes!
(I see the world through different eyes!)
All in due time
Shadows will give way, give way to light!

All that we suffer through
Leads to determination
The tiles we all go through
Gives us the strength to carry on!
Something with sinners burst
Desire things the will to live

A reason to believe!
I will see in due time!
Yea!

All in due time
See the world through different eyes!
(I see the world through different eyes!)
All in due time
Shadows will give way, give way to light!

Only due time!
Yea!
