

# Kim Carnes, I'll Be There Where The Heart Is

It's the song that just keeps playing on the radio  
And you know I haven't seen you for a while  
I lie awake at night and wonder how you are  
And I wish that I could see you again  
Is it fate, or is it luck that brings us back  
Or is it just a common point of view  
Time has put a spell on you, you never seem to change  
I wish that I could see you again

Chorus:

I'll be there where the heart is  
When the dreams that we've been after all come true  
You will find me here where the heart is  
I'll wait for you, I'll wait for you  
It's the light that just keeps shining day after day  
And other loves have come and gone  
And I'll be here with open arms to take you in  
I wish that I could see you again

chorus

And in between, and when I need to see you again  
All I have to do is close my eyes  
Are the pictures comin' in my friend  
I'll hold you again, but until then  
chorus repeats out
