

# Kim Carnes, Nothing Makes Me Feel As Good As

Sit right here beside me  
And sing me through the night  
And if you sing right through to the morning I won't mind  
As long as the song you sing is coming from your heart  
Nothing makes me feel as good as a love song  
As a love song as a love song as good as a love song

You can bring me gifts  
And swear they're from the moon  
Thinking you can win me with the things that shine the most  
Oh Lord you make me close my eyes  
And listen with my heart  
Nothing makes me feel as good as a love song  
As a love song as a love song as good as a love song

We all grab for moments  
That feel good along the way  
Spending time to find a rhyme  
That makes a memory

If an old lover never dies  
And if words don't age with time  
And if it comes easy write me a love song  
And I'll keep it forever 'cause it's coming from your heart  
Nothing makes me feel as good as a love song  
As a love song as a love song as good as a love song
