

# Kim Carnes, Take Me Home To Where My Heart

(Daniel Moore)

Be my soul mate  
Help me when I stumble  
When I fall I need a helping hand  
I'm not ashamed to tell the world I love you  
Cause you're the beacon of the storm in which I am

So take me home to where my heart is  
Lift me up and lay me down and be my friend  
Let's ride the wind across the mighty ocean  
All the way around the world and back again

When I'm gone  
Don't cry because you're lonesome  
Shine you light upon the faces that you see  
And remember there's a soul that loves you  
And that soul my darling boy is me

So take me home to where my heart is  
Lift me up and lay me down and be my friend  
Let's ride the wind across the mighty ocean  
All the way around the world and back again

Let's ride the wind across the mighty ocean  
All the way around the world and back again
