

# Kim Carnes, You're A Part Of Me

I'd like to live out all my dreams  
And if I could, yes if I could  
The nicest one would be with you  
And you'd be here with me  
Don't you ever get lonely?

Lord, I'm no good when you're away  
But what do you expect, from a girl  
Who loves you like I love you  
Won't you ever just get tired  
And come on home to me?  
Won't you ever get lonely?

You're a part of me  
That I can't live without  
You're a part of me  
That dreams are all about  
But you can't hold on to  
Something that you've never had before  
Love waits for the wind  
To bring you back again  
And take me away, take me away

Friends say it's great now you're a star  
But what do they expect, from a girl  
Who loves you just the way you are

Oh, and late at night  
How I wish things had never changed  
And you were here with me  
Don't you ever get lonely?

You're a part of me  
That I can't live without  
You're a part of me  
That dreams are all about  
But you can't hold on to  
Something that you've never had before  
Love waits for the wind  
To bring you back again  
And take me away, take me away  
And take me away, take me away  
And take me away, take me away  
And take me away, take me away  
And take me away
