

Kim Dracula, Superhero

Keep your big mouth shut
Cannot tell them what you've seen

I got a thing I've been feeling inside, I wanna make all of these caregivers run and hide (woo)
Chemical imbalance of the mind, I call bullshit, I call bullshit, bitch

Are you feeling down? Take a pill and fix your shit
It's the same as a broken elbow
Can you settle down? See a therapist
It's not real, they're all just chemicals, you know

And when you cry at night
Well I could be your superhero, I could be your superhero
Fly up to your window

As the tension grows
Speculation guaranteed

Don't look at me, don't look at me, don't look
I'm a pill pusher, I'm a pill pusher, I'm a pill pusher
All the people that come to see me, can't see me for me

And when you cry at night
Nobody's gonna come to save you

And when you cry at night
Well I could be your superhero, I could be your superhero
Fly up to your window
Well I could be your superhero, I could be your superhero

Don't ever cry at night
