

Kim Hill, Renew My Mind

Calm my mind, still my heart
Let me know that you are here
Take control of every thought
Fix my mind on you

Renew my mind, restore my heart
Make this painful place a hiding place in you
Renew my mind, divide my heart
May it be with yours and know your perfect will
Renew my mind

Search me Lord, know my heart
Make my mind like yours
All that's good, all that's true
This I ask of you

Renew my mind, restore my heart
Make this painful place a hiding place in you
Renew my mind, divide my heart
May it be with yours and know your perfect will
Renew my mind

This winter has passed the rain has start
Flowers cover the earth
It's time to see
Would you renew my heart today
It's time to see
Would you renew our hearts Lord
We need your touch
Would you renew your hearts today
Oh Lord we need you
Renew my mind, renew my heart
