Kim Hill, Renew My Mind

Calm my mind, still my heart Let me know that you are here Take control of every thought Fix my mind on you

Renew my mind, restore my heart Make this painful place a hiding place in you Renew my mind, divide my heart May it be with yours and know your perfect will Renew my mind

Search me Lord, know my heart Make my mind like yours All that's good, all that's true This I ask of you

Renew my mind, restore my heart Make this painful place a hiding place in you Renew my mind, divide my heart May it be with yours and know your perfect will Renew my mind

This winter has passed the rain has start Flowers cover the earth It's time to see Would you renew my heart today It's time to see Would you renew our hearts Lord We need your touch Would you renew your hearts today Oh Lord we need you Renew my mind, renew my heart
