

# Kim Mitchell, Caroline

i'm gonna ride out this love wave  
breaking in my mind

CAROLINE  
calling out loud i say wait  
i want to know where i'm going

is it too late  
for my love to be ever showing  
is it too late  
for my love to be ever growing  
is it too late

hold it  
CAROLINE i'm fading i'm fading i'm fading i'm fading away from love  
hold it  
CAROLINE i'm breaking i'm breaking i'm breaking away from love

is it having the pain that doubles the heart  
or is it having the heart that doubles the pain  
all the signs say its having the heart  
yes its having the heart that doubles the pain
