

Kim Mitchell, Cheer Us On

There's never been a man who hasn't wished upon a star
I'm one of those tireless dreamwalkers
You can't hold me back when I got a vision
I got a wish a wish a day

And Mona Lisa she'd be proud of this smile
She knows I'm a dreamer dreaming wild today

Everyman's heart is a bottle with a little genie
She comes into play when the world ain't so pretty
She just loves our wild wild wishes
She wants us to dance for many days

And from the CN tower we'll wave
We'll all wave at heaven

Cheer on my friends
Wishin' 'pon a star
Never let the music end
Smile on my friends
Wishin' 'pon a star
Never let the music end

Turn up the lights
For the wild vision
Birds aren't the only things flying tonight

And Mona Lisa she'd be proud of this smile
She knows I'm a dreamer dreaming wild today

Cheer on my friends
Wishin' 'pon a star
Never let the music end
Smile on my friends
Wishin' 'pon a star
Never let the music end
