

Kim Mitchell, In My Shoes

Well then, maybe there's a place for you
No, I'm not telling you we're through
Maybe there's a place for you
And then maybe you'll know how I feel
I'll put you here in my shoes

I got a radio station for you
It's where all you can hear is me
I got a satellite station for you
And then maybe you'll know how I feel
I'll put you here in my shoes

You can't say love if you haven't done
Experience with love is the only thing
Under the sun or in a one act play
If you can't say love you haven't done
You can't feel love if you can't think of
Experience with love is the only thing
Under the sun or in a one act play
But you can be loved
I'll put you here in my shoes

You can't say love if you haven't done
Experience with love is the only thing
Under the sun or in a one act play
If you can't say love you haven't done
You can't feel love if you can't think of
Experience with love is the only thing
Under the sun or in a one act play
You can't say love, oh

(Woah) I'll put you here in my shoes
