

# Kim Mitchell, Kids In Action

Kids in action, if you're hot in your city  
It doesn't matter how you feel  
Or how high you feel you have to get to get by on  
If it's a sin in good time living  
Then I guess were gonna be  
Yes, I guess were just gonna have to be the best bonfire in hell

(We want modern thrills)  
(We want rock and roll that kills)  
Yes, who we gonna get high over if we can't get high together  
(We want modern thrills)  
(We want rock and roll that kills)  
Yes, who gonna die over if we can't die together  
Yeah

We're gonna have no more problems with security  
We're young tough and together  
And we want the world young, rough and ready  
This ain't no Jack and Jill story

(We want modern thrills) Yeah, we want modern thrills  
(We want rock and roll that kills)  
Tell me, who we gonna get high over if we can't get high together  
(We want modern thrills)  
(We want rock and roll that kills)  
Tell me, who gonna die over if we can't die together  
(We want modern thrills)  
(We want rock and roll that kills)  
Tell me, who we gonna get high over if we can't get high together  
Oh yeah, tell me

(We want modern thrills) We want modern thrills  
(We want rock and roll that kills)  
Yes, tell me, who we gonna get high over if we can't get high together  
(We want modern thrills)  
(We want rock and roll that kills)  
Tell me, who gonna die over if we can't die together  
(We want modern thrills)  
(We want rock and roll that kills)  
Yeah, tell me, who we gonna get die over if we can't die together  
We want modern thrills

(We want modern thrills) Yeah, we want modern thrills  
(We want rock and roll that kills)

(We want modern thrills)  
(We want rock and roll that kills)
