

Kim Mitchell, That's A Man

He's got ??? eyes like burning embers
He's looking for relief, going faster double-blind
His reputation is getting loud, yes
Woah

That's a man
Well, that's a man
That's a man
That's the best part of a man
That's the best part of a man

You know he's having trouble saying yes to his woman on the telephone
'Cause he's got another woman waiting on the other line
And he sits in public places getting loud, yes
Woah

That's a man
Well, that's a man
That's a man
That's the best part of a man
That's the best part of a man

That's a man
Yeah, that's the best part of a man
That's a man
That's the best part of a man
That's the best
That's the best part of a man
