

Kim Richey, The Way It Never Was

Oh no, here we go again
You wanna take me back
To way back when, well
I gotta tell you, I gotta say
I got over yesterday
A long, long time ago
I cut it loose
Maybe you should too, you know
Chorus:
You remember the way it never was
You've forgotten the things we didn't say
If you miss me the reason is because
You remember the way
You remember the way it never was
Oh yeah, you were always right
We never argued
We didn't fight
It was hearts and flowers, true romance
Why not give it one more chance
Well, I've already been
Why would I wanna go
Through that again
(Chorus)
It was a long, long time ago
Cut it loose, maybe you should too
(Chorus)
