

Kim Stockwood, 12 Years Old

I just can't stand the way i feel
I just can't wait until tomorrow comes
So if you can see my face again
You'll have to be the one to let me know

chorus

Cuz I feel like I'm 12 years old
And I feel like I'm in the cold
And I feel like I'm 12 years old
And My dog just died
and my bike's been stolen again

How could it be that you're so vain?
And how can it be that I'm such a pain? Or some say....
Why can't you see this time you've gone too far?
Today I couldn't care less where you are

Cuz I feel like I'm 12 years old
And I feel like I'm in the cold
And I feel like I don't know where i am
no no
And I feel like I'm left be hind
and I feel like I'm last in line
And I feel like I'm 12 years old
And My dog just died
and my bike's been sold and...

(I)
It seems that you and I
(I)
Feelin' like a little child
(Then the cleaver)
Then the cleaver goes away
So maybe I should play
Okay!!!

Cuz I feel like I'm 12 years old
And I feel like I'm in the cold
And I feel like I'm 12 years old
And I feel like I dont know where I am
And I feel like I'm left be hind
and I feel like I'm last in line
And I feel like I'm 12 years old
And My dog just died
and my bike's been stoled
I missed my ball
And I dropped my icecream again....
