

Kim Taylor, Bulid You Up

It's amazing
So amazing how
I've survived this road

Feel the fever
I can feel it down
Inside my soul

And i'll be the one
To build you up
I'll build you up
Be the one
To never doubt
I'll never doubt, oh

Can you see how
Can you see how far
We've come
It's such a miracle

Everything is
Everything is clear
And you are such a wonder

And i will be the one
To build you up
I'll build you up

Be the one
To never doubt
I'll never doubt

Never doubt

It's amazing
So amazing how
I've survived this road

Feel the fever
I can feel it down
Inside my soul

I'll be the one
To build you up
I'll build you up

I'll be the one
To never doubt
I'll never doubt

I'll be the one
To hold your hand
I'll hold your hand

I'll be the one
To understand
Yeah, i'll understand

I'll be the one
To build you up
I'll build you up

I'll be the one
To never doubt

I'll never doubt

I'll never doubt (x7)
