

Kim Wilde, Can You Come Over

Written by Ricky & Marty Wilde

Darlin', can you come over

Can you come over

Meet me tonight

I've been sitting here alone

Looking down this telephone

Thinking things I'd really love to say to you

Oh, it's true

I can't get enough of how you love

That's the truth I swear to you

Can you come over

Can you come over - think of what we could do

If you decide to, if you're alive to

What I want from a guy like you

Darlin', can you come over

Can you come over - meet me tonight

Watching movies on TV

Never does a thing for me

I get bored just living here and hanging 'round

Toss a coin it's heads or tails

If I run a bath or do my nails

What's it really matter when I'm far away from you

If you come over

If you come over - I could be good for you

Wouldn't you please me

It could be easy

Just stay here for a night or two

Darlin', can you come over

Can you come over - meet me tonight

I'm the girl who waits for you

I'm the girl who needs you too

I'm the girl who wants you tonight

Darlin', can you come over

Can you come over

Meet me tonight
