

# Kim Wilde, High On You

Written by Ricki & Kim Wilde

Been a long time down  
Looking at the ground and feeling bad  
Heaven knows I've tried  
But the pain inside just made me sad  
When you're looking back at yesterday  
And find you can't let go  
You need someone who can lift you up  
To get ready for tomorrow  
Baby I'm high  
High on the love we make  
That's what you do for me  
Baby, I'm high  
I am in ecstasy  
Boy, what you doing to me  
Cos baby I'm high  
High on the love we make  
Baby I'm high on you  
Took me by surprise  
When I saw the passion in your eyes  
Now I've got you here  
Life is is good and feel satisfied  
Now I'm flying with the birds above  
I'm floating to the moon  
Got the clouds to walk on every day  
And the stars shine when you walk in the room  
Now I'm high  
High on the love we make  
That's what you do for me  
Baby, I'm high  
I'am in ecstasy  
Boy, what you're doing to me  
Cos baby I'm high  
High on the love we make  
That's what you do for me  
Baby, I'm high your kiss  
Now I'm addicted to you  
I don't want to get over this  
Baby, I'm high enough  
On what you do  
You make me feel so high on you  
I'm high... so high...
