

# Kim Wilde, Too Late

Written by Kim Wilde & Steve Byrd

Hard to get a view of things  
Though a broken window  
Hard to understand the reasons  
Why love comes and goes  
Just when you turn a corner  
And think that you'll find  
Some peace of mind  
Confusion will strike you blind  
It's too late to turn back now  
It's too late to turn it all around  
It's too late, no words to say  
I know it's gonna be another lonely day  
I can't find a reason I should stay  
Hard to understand the reasons  
Why love comes and goes  
Just when you turn a corner  
And think that you'll find  
Some peace of mind  
Confusion will strike you blind  
It's too late to turn back now  
It's too late to turn it all around  
It's too late, no words to say  
I know it's gonna be another lonely day  
I can't find a reason I should stay  
(I know, I know)  
I know it's gonna be another lonely day  
(I know, I know)  
I know it's gonna be another lonely day  
Confusion will strike you blind  
It's too late to turn back now  
It's too late to turn it all around  
It's too late, no words to say  
Cos I know it's gonna be another lonely day  
But I can't find a reason I should stay
