

Kim Wilson, Boogie All Night

(Harmonica Intro)

A-boogie-woogie baby, boogie all night long
A-boogie-woogie baby till we see the rising sun
We got to boogie, we got to boogie
Boogie-woogie baby, boogie-woogie all night long

We can boogie in the city, we can boogie in the park
We can boogie better baby when we boogie in the dark
We got to boogie, we got to boogie
Boogie-woogie baby, boogie-woogie all night long
(Lemme hear that piano now!)

(Piano Solo)

Well when I need a shot of boogie baby fix me please
I got a terminal case of the boogie disease
I got to boogie, I got to boogie
Boogie-woogie baby, boogie-woogie all night long
(well all right!)

(Harmonica Solo)
