Kimberley Locke, Doin' It Tonight

So long you were wrong
This is it
I'm moving on (oooh)
It's my life, can't stop me now
I'm through with you
I see the light
It feels so right
First thing I'm gonna do now that I'm over you)
Is everything you told me I couldn't do
[Chorus:]
I'm gonna cut my hair
I'm gonna call my girls
Hit the club (yeah)
I'm doing it tonight yeah
I'm gonna wear that skirt
I'm staying out all night
If I want (if I want)
I'm doing it tonight, yeah
So long, I was scared
Never thought I'd make it alone
But look at me now
I found the real me inside
The woman you tried to deny
But you won't this time
First thing I'm gonna do now that I'm over you
Is everything you told me I couldn't do
[Chorus]
And it feels so good to be myself again
Doing all the crazy things that you know we should have did
So baby don't be mad
If you see me doing my thing without you
[Chorus x2]
Can't stop me now
Now that I'm over you
First thing I'm gonna do yeah
