

# Kimbra, Everlovin' Ya (feat. Bilal)

How long have you been hiding underneath it all?  
My heart is lying to myself and straight to yours  
What is the way to say it?  
There seems no perfect way to play it

But baby I can't delay it no more  
The fact is all this time, been everlovin' ya

Waiting till we are alone  
Been clicking my heels in the hope that I ain't already shown it  
Now that she's left you alone  
Can I tell you how I've felt all along?

What is it about you?  
(Don't tell me - Cos I don't wanna know)  
What is it about you?  
(I've never met nobody quite like ya)  
What is it about you?  
(Don't tell me - Cos I don't wanna know)  
What is it about you?  
(Cos I'll be everlovin' ya)

So long I've been pining  
Underneath it all  
Oh girl, I've been lying  
To myself and straight to her  
What is the way to fake it  
There seems no perfect way to play it  
But baby I can't delay it no more  
The fact is all this time, been everlovin' ya

Waiting till we are alone  
Nobody here needs to know, I've already shown it  
Now that I'm out on my own  
Can I tell you how I've felt all along?

What is it about you?  
(Don't tell me - Cos I don't wanna know)  
What is it about you?  
(I've never met nobody quite like ya)  
What is it about you?  
(Don't tell me - Cos I don't wanna know)  
What is it about you?  
(Cos I'll be everlovin' ya)
