

# Kimbra, Top of the World

on a condition  
we on our way to the top  
we got the world at our fingers  
we make the penny drop  
gotta get in and get outta the gate  
I on't stop till I wake  
I'll say it loud till I mean it  
talk like I be the messiah

I'm on the top /3x  
of the world  
see me run /3x  
with the girls  
I'm on the top /3x  
of the world  
need a brake  
then I'll take

(...)

euphoria  
mystery like a new treasure  
we go so good together  
search all my life to find better  
but I won't hold my breath  
I'll just fill up and deliver  
they got attention deficit  
waiting for their love to visit

all my life turn to dust  
all I knew who to trust  
had a chance for good love

see me on tele  
see me on billboards in Paris  
see me with white picket fences  
now watch me built up my palace  
now out on the run  
you'll see me gathering might  
won't forget where I started  
where we will break from

cause I'm on the top /3x  
of the world  
see me out /2x  
with the diamonds and pearls  
I'm on the top /3x  
of the world  
they can talk /2x  
but I got the good word

man it's crazy to define brand new  
it's amazing I got high on few  
but tonight I'm feeling tired and alone  
dear Lord, I hope we didn't go wrong

I think I'm winning  
feel like I'm in it  
feels like I'm in it  
feel like a god  
I'm in demand  
they're on my time  
one in a million  
fore they could find

we beak from the gardens  
I wanted to follow you  
beak from the gardens  
I wanted to follow you
