

# Kimya Dawson, Talking Ernest

shoulda heard what my talking ernest said to your talking pee-wee  
he said &quot;last night that furby it was talkin to me  
talking in the language of love&quot;

and then my talking ernest said to your talking pee-wee  
he said &quot;that mannequin head shoulda gone with  
the purple eye shadow instead&quot;

and then my talking ernest said to your talking pee-wee  
he said &quot;i don't mind them pokemon just as long  
as they leave me alone&quot;

and then my talking ernest said to your talking pee-wee  
he said &quot;them garbage pail kids shoulda got a lot more credit  
for the wacky things they did&quot;

and then my talking ernest said to your talking pee-wee  
he said &quot;muhammad ali barbie really floats like a butterfly stings like a bee,  
floats like a butterfly stings like a bee, yeah yeah&quot;

but talking ernest he was just making small talk  
there was something bigger on his mind  
&quot;gee, i'm glad it's raining, the gentle rhythm heals the hurt inside  
i'm really glad it's raining, the wounded warrior needs a place to hide  
everyone needs someone they can count on til the end  
what they needed was a hero all i wanted was a friend  
all i wanted was a friend&quot;

and then my talking ernest said to your talking pee-wee  
&quot;hey man, it's over&quot; he said &quot;have you heard the news?  
jim varney's dead, he's dead&quot;

and then your talking pee-wee said to talking ernest  
&quot;but my friend he's not gone i pull the string on your back  
and he lives on and on, on and on&quot;

but then talking pee-wee turned to muhammad ali barbie  
and said &quot;i'm glad i'm not talking ernest 'cause that is a hell of a legacy  
that is a hell of a legacy, yeah yeah&quot;
