

# Kina, U Don't Know

Look at me  
I've become unpredictable  
U don't know what I'll do next  
I know it fucks with you cause  
U know me  
Easy to please  
By your side perfectly kept in line  
Well, I'm tired

(I) underestimate (oh, no, I'm not) me  
I'm nothing (oh, no, I'm on) I'm really useless  
(I'm not that, no, no, no)

Oh, U don't know me  
Or my situation  
My heart  
Or what things I got, no indeed  
So, what you see  
Ain't so predictable  
I show what I want you to see

Uppity, who me?  
Cause now I'm speaking my thoughts  
No longer secrets  
You see me thinking, oh, but that can't be  
Don't be too proud  
I can't live too loud  
Kiss your ass and kowtow

(I'm not) underestimate (oh, no, I'm not) me  
I'm nothing (oh, no, I'm on) I'm really useless  
(I'm not that, no, no, no)

Oh, U don't know me  
Or my situation  
My heart  
Or what things I got, no indeed  
So, what you see  
Ain't so predictable  
I show what I want you to see

Quietly, I do succeed  
I'm not less cause you don't see  
So much more than what you think, yeah, yeah

U don't know me  
Or my situation  
My heart  
Or what things I got, no indeed  
So, what you see  
Ain't so predictable  
I show what I want you to see

U don't know me  
Or my situation  
My heart  
Or what things I got, no indeed  
So, what you see  
Ain't so predictable  
I show what I want you to see
