Don't walk away from me
Don't be afraid to see, come on inside
There is no mystery, forget your pride
I wish you knew by now there's nothing you can't hide.

Here in my eyes
Are the words you never spoke
Here in my eyes
Is a story left untold
Loved you with heart and soul
Something you'll never know.

Here in my eyes
Here in my eyes.

I've noticed for a while
Emptiness in a smile, you can't disguise
Why don't we talk it out, instead of lies
Give me a chance somehow I'll make you realize.

Here in my eyes
Is the comfort of a friend

Here in my eyes
There's a passion with no end
Loved you with heart and soul
Something you'll never know.

Here in my eyes
Here in my eyes
Here in my eyes
Here in my eyes.

What if you turn around
Looking for me and I'm gone
Thinking of what went wrong
How would it feel to be on your own.

Loved you with heart and soul
One thing you can't control.

Here in my eyes
Here in my eyes
Here in my eyes (here in my eyes)
Here in my eyes.

Here in my eyes (here in my eyes, here in my eyes)
Here in my eyes
Here in my eyes (here in my eyes, here in my eyes)
Here in my eyes.
