

King Adora, Aceface

I will irritate you
I'd kill to imitate you
I feel so elevated by you

Ace face
Drag me into your space
Dim the lights I can't face
Elevated by you

I want a rock star lover
I want a cock sure lover
I want a rock star lover, you
Won't you thrill me thrill me too
I want a rock star lover
I want a cock sure lover
I want a rock star lover, you
Won't you thrill me thrill me too

Irritate you
I'd kill to imitate you
I feel elevated by you

I will irritate you
I will imitate you
I will imitate you
I will irritate you

I want a rock star lover
A rock star lover
