

King Adora, Maniac Love

I don't want anyone who can afford me
I don't want anyone, everyone bores me
I'm shot to pieces, I'm shot to pieces

You only love me when you're drunk (love me when you're drunk)
You only love me when you're drunk
Love me when you're drunk

I don't give a fuck about your love, love, love
I just love to fuck and that's my drug
I'm shot to pieces, I'm shot to pieces

You only love me when you're drunk (love me when you're drunk)
You only love me when you're drunk
Love me when you're, love me when you're, love me when you're, love me when you're drunk

You only love me when you're drunk
You only love me when you're drunk
You only love me when you're
You only love me when you're
You only love me when you're drunk

Woo!
