

# King Adora, Music Takes You

feel me, i'm numb, put your skinny arms around me  
steal me while i'm young, so vulnerable

take it slow, the music finds you  
have a go  
we'll lose it one last time

really i've become, such a great escape for your children  
steal me while i'm young, so vulnerable

take it slow  
the music finds you  
have a go, lose it one last time

all right!  
tonight begins the best days of you lives  
let me go  
don't wait up we're never coming  
don't wait up we're never coming home

take it slow, the music finds you  
have a go, lose it one last time  
all right  
tonight begins the best days of your lives

wait, tonight, don't wait up we wont be back  
and oh, let me go, don't wait up we're never coming home  
let me go  
don't wait up we're never coming home  
let me go  
don't wait up we're never coming home...
