

King Adora, Scream And Shout

Well I

I got mysterious mind

Nobody wants your cool

Nobody wants your kind

But you

You got mysterious too

Nobody want your kind

Nobody ever fooled

Let it out

You got to scream and shout with us sometimes

Let it out

You got your demons out with us sometimes

And I

I got the temperature high

Nobody want your cool

Nobody want your kind

But you

You got the temperature too

Nobody want your kind, everybody cool
