

# King Adora, We Are Heroes

I can kick a song wid you  
I can kick a song wid you  
I can medicate wid you  
I can medicate wid you  
And I always thought I'd have you  
Almost fell apart  
Always feared the dark  
But you fell into my room  
Got an attitude  
And we are only heroes  
You, you catapult me through  
Whats a boy to do  
When we are only heroes  
I can kick no song wid you  
I can kick no song wid you  
I can levitate wid you  
I can levitate wid you  
And I always thought I'd have you  
And I always thought I'd have you  
Almost fell apart  
Always feared the dark  
But you fell into my room  
Got an attitude  
And we are only heroes  
You, you catapult me through  
Whats a boy to do  
When we are only heroes  
Almost fell apart  
Always feared the dark  
But you fell into my room  
Got an attitude  
And we are only heroes  
You, you catapult me through  
Whats a boy to do  
When we are only heroes
