

# King Adora, We Are Only Heroes

i can kick a song wit' you  
i can kick a song wit' you  
i can medicate wit' you  
i can medicate wit' you  
i always thought i had you  
i always thought i had you

almost fell apart  
always fear the dark

you fell into my room,  
got an attitude  
but we are only heroes  
you catapult me though  
what's a boy to do?  
when we are only heroes

i can kick a bong wit' you  
i can kick a bong wit' you  
i can levitate wit' you i  
i can levitate wit' you  
i always thought i had you  
i always thought i had you

almost fell apart  
always feared the dark

you fell into my room  
got an attitude  
but we are only heroes  
you catapult me through  
whats a boy to do?  
when we are only heroes  
(repeat a la elvis)

(male voice choir fade out)
