

# King Arthur, Song of Exile

Land of Bear  
And land of Eagle  
Land that gave us birth and blessing  
Land that called us ever homewards  
We will go home across the mountains  
We will go home  
We will go home  
We will go home across the mountains  
We will go home singing our song  
We will go home across the mountains  
Land of Bear  
And land of Eagle  
Land that gave us birth and blessing  
We are singing  
We are longing  
We will go home across the mountains  
We will go home  
We will go home  
We will go home across the mountains  
We will go home singing our song  
We will go home across the mountains
