

# King Diamond, Come Home

&quot;grandma' &quot;

&quot;i knew it was you at the door, I saw  
You from the window. now come  
Inside my dear. it's good to see you

Again, despite what you did to my  
Throat. &quot;they&quot; are waiting upstairs.  
Come. missy is there too. she's sitting  
On grandpa's lap. I bet you're dying for  
A cup of tea.&quot;
