

# King Kong, Remember

Remember how we used to sit and talk it's over now  
and all my feelings in my chest for you they're gone somehow  
I look at you you look at me we both understand

Everything has to come to an end.... (\*2)

Chorus:

I don't love you anymore You are not the one my heart is beating for  
But I don't love you anymore and when I'm gone you just close the door

No need to talk or to explain I know you for so long seems so hard to realize why we got wrong  
I'd like to kiss you once again but I just touch your hand  
Everything has to come to an end....

Chorus
