

# King Krule, Flimsier

She says it seems like these days  
Merge as one  
Oh, I tried to change them  
To better ones  
But you called it a day  
And now it's through

Don't throw it away  
That's what I do

And when the night bleeds  
It could love me forever  
Maybe that's why, it won't work, it don't work  
My eyes were popping out of sockets  
On to empty chests

It's been holding the weight  
Of the world  
It's been holding the weight  
Of the world  
It's been holding the weight  
Of the world  
It's been holding the weight  
Of the world

When this night bleeds  
It could love me forever  
Maybe that's why  
It don't work, I don't work  
My eyes were popping out of sockets  
On to empty chests
