

# King Krule, Seaforth

I've had  
Plenty of  
People in my peripheral  
I've spent  
Many moons  
Spilling my guts to many fools to please them  
Lost it  
All over  
The world  
I've seen so many things  
I have  
Been in your shell  
I'm not your girlfriend

Oh, so slimy tonight  
I have, I have, I have  
And then she said to me:  
"You don't mean nothing anymore"  
Anymore, anymore

It'd been  
A long, long, long, long time coming  
Since I've seen  
You're golden  
You're golden  
She's golden  
But only in the sun  
The night breaks  
She put me in the dirt on the weekend  
The weekend, the weekend  
I am waiting on someone  
I haven't seen them yet  
I haven't seen them anywhere
