

King Missile, As I Walked Through Queens

The brick house
The green trees
The parked cars
The rainy street
The brick houses
The green trees
The parked cars
The rainy streets
As I walked through Queens
I saw these things
I saw these things
As I walked through Queens
The brick houses
Next to the green trees
Growing over the parked cars
On the rainy street
I saw the brick house
I saw the green tree
I saw the parked car
I saw the rainy street
As I walked through Queens
I saw these things
And I thought of you
And I don't know why
The brick house
The green trees
The parked car
The rainy rainy street
