

King Missile, Socks

Look at all my socks!
Oh so many, many socks!
I can't even believe it!
Can you imagine having so many socks?!
I can't even begin to count them all!
Let alone even think about wearing them!
So many socks!
How did I get so many?
Where did they come from?
Hey! Why do I have so many socks?!

I'm inundated. I can't-- no, I'm sorry, this won't do.
I cannot have this. This is too many.
I cannot have this many socks. This will not do.
Please take some of these socks immediately away at once.

Ah. Yes. That is much better. Thank you.
This is much more manageable.
This is quite good.
This is quite precisely the quintessentially right number.
I am extremely pleased.
Thank you.
