

King Princess, Fantastic (from Arcane Season 2)

And I'm thinking of you
While I'm up here higher than God
Feeling strange 'bout the way we left things in the back of the car
You believe that I'm in pain
Help me disassociate
I just wanna be a good passenger

I'm feeling fantastic
I'm fucking fantastic
I wanna get drunk and watch American classics
Drink champagne out of plastic
Don't you want someone crazy like me, babe

I'm feeling amazing
I'm fucking amazing
I'm high as a kite
I'm sat here picturing you naked
You just have to take it
If you want someone crazy like me, babe

I'll be thinking about you
While you're down there being a doll
It's either a curse or a blessing
Every time that you call
You believe that I'm in pain
Help me to disassociate
I just wanna be a good passenger

I'm feeling fantastic
I'm fucking fantastic
I wanna get drunk and watch American classics
Drink champagne out of plastic
Don't you want someone crazy like me, babe

I'm feeling amazing
I'm fucking amazing
I'm high as a kite
I'm sat here picturing you naked
You just have to take it
If you want someone crazy like me, babe

And I'm thinking of you
While I'm up here higher than God
